

BENTLEY

BENTLEY HONG KONG AFTER SALES SERVICE

A Noble Legacy Defined by Quality and Service

The extraordinary vision of W.O. Bentley traces back to an exciting era of promise and possibility. In 1919, he founded Bentley Motors with the same principles that would shape its proud heritage today: fastidious craftsmanship and an unwavering commitment to quality.

In January 2001, Bentley Hong Kong established the After Sales Service Centre to ensure that this standard was upheld in every way. Today, every detail of your handcrafted luxury car is attended to by Crewe-trained technicians using only genuine parts, and guaranteed with the esteemed Bentley seal of approval.

At over 27,000 sq. feet, the state-of-the-art technological facilities offer abundant space, customised for intricate mechanical workmanship and rigorous diagnostics. They were designed with one goal in mind: to ensure that every Bentley retains the unmistakable comfort and style for which the marquee is acclaimed.

| A Genuine Seal of Approval |

Bentley uses only genuine parts to guarantee the condition of your vehicle. This ensures that every distinctive Bentley and Crewe-built Rolls-Royce maintains the integrity of exacting performance standards. Each part is passionately engineered, precisely handcrafted and backed with a comprehensive three-year warranty.

| Our Commitment to Excellence |

The craftsmanship of the Flying "B" is par excellence in the world of handcrafted luxury vehicles. To ensure that this noble standard is maintained, each of our premium vehicles is guaranteed with a three-year warranty program.

| Our Exclusive 3S Concept |

To consistently exceed expectations of optimal performance, Bentley has introduced the 3S Concept. This premium system ensures a complete integration of three essential components at the highest possible standard of excellence.

Sales

Experience the latest in premium luxury vehicles. In our prestigious showroom, some of the world's most sophisticated and state-of-the-art vehicles are on display. Discover the most recent elite, stylish models such as the Continental GT, GT Speed, GTC, Flying Spur, as well as timeless classics like the Arnage, Azure and Brooklands.

Service

Our technicians adopt a meticulous, pro-active approach to quality care. Everything from routine checks to repairs, maintenance and installation is conducted with the same exactitude found in the craftsmanship of our premium vehicles.

Spare Parts

To ensure that the standard you currently enjoy is identical to that of the vehicles in our showroom, only genuine Crewe parts will be used with your vehicle.
